LOON

LOON

Floor lamp S

Design by **Sebastian Herkner** | Ref. **APM** | Weight **3,2 kg/8 lbs** | Volume **0,12 m³/5 cu ft**

Measurements

Collection: A balloon-like reservoir of light, suspended on a pedestal of premium teak, LOON by Sebastian Herkner brings indoor sophistication and personality to outdoor lighting. A natural companion to Herkner's award-winning MBRACE collection, LOON has been designed to complement the entire DEDON range. It casts a warm, ambient light that's ideal for creating atmosphere in the garden.

Floor lamp S: Fully suited for outdoor use, this small rechargeable LED floor lamp, which consists of a teak base and a bulbous body in matte white plastic, casts a warm, ambient light.

Frame: LOON consists of rotomolded polyethylene and a premium teak base.

Finishing: Natural-finish teak maintenance → Wash the teak using warm water and a soft sponge.

Energy efficiency

Energy efficiency eec A+. These luminaires contain built-in LED lamps. The lamps cannot be changed in the luminaires.

Certificates

CE, FCC, PSE, SAA, ETL

IP64

This lighting object is a decorative element for outdoor and indoor use and features a warm white correlated color temperature (2700 Kelvin). It has an ingress protection marking for LED Module by IP64, which means it is dustproof, splash proof and therefore fully suitable for outdoor use.

DEDON ILLUMINATES THE OUTDOORS

DEDON brings lighting outdoors with four new lighting accessory collections, each featuring a fully outdoor-certified rechargeable LED system. With warm white color temperature, an eight-step dimmer, and handy remote controls, all four collections offer perfect, long-lasting ambient lighting hours. Whether it's the sophisticated material mix of Sebastian Herkner's LOON, the alluring figurative character of Stephen Burks' THE OTHERS (which come with solar panels), the asymmetric sculptural quality of Harry-Paul's BABYLON, or the portable DEDON's Studio LED luminaire of subtle beauty and modern durability, OMBII, each collection reflects DEDON's passion for bringing people together outdoors.

		THE OTHERS Lantern & hanging lantern	THE OTHERS TEBU, LIKA, JAMA, KAFA, BUKA, TOBO	LOON BABYLON	OMBII Luminaire
Lighting Technology		LED module incl. solar panel	LED module incl. solar panel	LED module	LED module
Battery run-time at maximum brightness after 9 hours of solar charging		up to 8 hours (Run-time is longer when lights are dimmed)	up to 4 hours (Run-time is longer when lights are dimmed)	–	–
Battery run-time at maximum brightness after 6 hours of charging by power adapter		up to 10 hours (Run-time is longer when lights are dimmed)	up to 6 hours (Run-time is longer when lights are dimmed)	up to 10 hours (Run-time is longer when lights are dimmed)	Charging by cable: • Charging time 4 hours Charging via charging pad: • Charging time 6 hours Battery life: up to 8 hours (Run-time is longer when light is dimmed)
Remote control		yes	yes	yes	no
Dimmer		8 steps	8 steps	8 steps	4 steps
Correlated color temperature		2700 Kelvin (warm white)	2700 Kelvin (warm white)	2700 Kelvin (warm white)	2700 - 6000 Kelvin
Ingress Protection Marking LED Module		IP64 (dustproof and splashproof)	IP64 (dustproof and splashproof)	IP64 (dustproof and splashproof)	IP54: Suitable for all weather conditions, resists heavy splashing, and is protected from dust in harmful quantities. (cannot withstand immersion)
Energy efficiency These luminaires contain built-in LED lamps. The lamps cannot be changed in the luminaires.		eec A+	eec A+	eec A+	–
